

The Public Investment Act, Chapter 2256.023 of the Texas Government Code requires the Investment Officer of each local government to submit to its governing body a quarterly report of investment transactions. The Lamar County Treasurer has compiled information to comply with the reporting requirements. Attached is the detailed Investment Report for the period of July 1st – September 30, 2021.

The investment strategy for all funds for the 3rd quarter of the 2021 calendar year is that of the investment pool in TexPool and CDs invested with Farmers and Veritex.

I Camey Boyer, Lamar County Treasurer and Investment Officer have prepared the attached Investment Report for the Lamar County Commissioners' Court and state that the report is true and correct.

**Definition of Weighted Average Maturity and Weighted Average Life

WAM is the mean average of the periods of time remaining until the securities held in TexPool (a) are scheduled to be repaid, (b) would be repaid upon a demand by TexPool, or (c) are scheduled to have their interest rate readjusted to reflect current market rates. Securities with adjustable rates payable upon demand are treated as maturing on the earlier of the two dates set forth in (b) and (c) if their scheduled maturity is 397 days or less; and the later of the two dates set forth in (b) and (c) if their scheduled maturity is more than 397 days. The mean is weighted based on the percentage of the amortized cost of the portfolio invested in each period.

WAL is calculated in the same manner as WAM, but is based solely on the periods of time remaining until the securities held in TexPool (a) are scheduled to be repaid or (b) would be repaid upon a demand by TexPool, without reference to when interest rates of securities within TexPool are scheduled to be readjusted.
